

JOIN OUR TEAM – [Production Operator \(Contract\)](#)

Alberta Newsprint Company (ANC), a joint venture of the Stern Group and West Fraser Timber Company Ltd., is a high performance organization and North America's most efficient producer of premium paper products. Located in Whitecourt, and operating with a non-unionized workforce, the mill produces high quality paper that is the standard by which other North American paper producers are measured. ANC is respected throughout the industry for safety, quality, production and environmental performance.

The success of ANC is a result of highly motivated employees working together as a team dedicated to safety, continuous improvement, excellence and employee well-being.

ANC currently has a CONTRACT position available within its Operations Group. This contract position follows a continuous shift rotation (12 hr shifts, days/nights).

We are looking for safety focused, talented, self-driven individuals with strong mechanical aptitude and problem solving skills.

Grade 12 diploma and a valid class 5 driver's license are required. The successful candidate must have own transportation, be able to commute for scheduled shift and/or as required

Previous industrial manufacturing experience is a definite asset. Willingness to obtain the written portion of an ABSA 4th Class Steam Ticket is also a requirement (ANC covers the costs of this as part of your mandatory training).

The pay rate for this contract position commences at \$27.76/hr

Potential for future full time employment exists for the right candidate(s). The current operations line of progression ranges from \$68,288 (entry level) to \$133,032 (highest rate) annually. You must be willing to move to Whitecourt for permanent positions.

Qualified candidates are requested to apply by **email by February 15, 2019**. Your email must contain your resume complete with references.
