

DIRECTORY

 ALBERTA'S FIRST AND ONLY PAPER MILL	 FIRST PRODUCTION AUGUST, 1990
 WIDTH OF PAPER MACHINE 8.4 METRES (330 INCHES)	 PAPER MACHINE SPEED 1555 METRES/MIN
 POWER REQUIREMENTS UP TO 125MW	 TONNES PER DAY 747 MT

Alberta Newsprint Company continues to evaluate opportunities to satisfy our customer needs and diversify our product line. Newsprint has and will always be critical to our success but the ability to add a directory product group to our portfolio will further solidify our future as a low cost, high quality paper manufacturer.

Our directory grades provide astonishing print results and our unique manufacturing process provides best in class print quality for both cold set and rotogravure pressrooms.

This capability, along with our ability to provide 6" cores, offers publishers, retailers and commercial printers an ability to achieve significant savings while providing superior printability to other light weight products.

		Directory				Roto Directory
