

ANC newsprint is renowned for its unmatched print quality and brightness that brings to life the stories and information of some of the largest publishers in the world. In addition, with our exceptional sheet smoothness, our newsprint can offer the perfect low cost solution for high quality commercial inserts and flyers for both heat set and cold set pressrooms.

Combine the above with the best support staff in the industry and an underlying commitment to long term thinking, it is clear why ANC is the premier newsprint producer in the marketplace.

ANC's continuous investment in the printing and writing sector is second to none and is a further example of our commitment to paper, print and the customers we serve.

## NEWSPRINT

<b>Basis Weight</b> (gsm)	<b>Basis Weight</b> (24 x 36)	<b>Brightness</b> (ISO)	<b>Opacity</b> (ISO)	<b>Caliper</b> (microns)
<b>45</b>	<b>27.7</b>	<b>59</b>	<b>93</b>	<b>80</b>
<b>42</b>	<b>25.8</b>	<b>59</b>	<b>92</b>	<b>78</b>
<b>40</b>	<b>24.6</b>	<b>59</b>	<b>91</b>	<b>74</b>

*The above values represent targets only. For specific controlled caliper grades, please review our book paper section.*

ANC is committed to purchasing sawmill residual fiber that are consistent with our PEFC and FSC Chain of Custody standards. Please visit [www.albertanewsprint.com](http://www.albertanewsprint.com) for more information and copy of certifications.
